WORK EXPERIENCE

Campaigns Data and Reporting Coordinator — Feb 2026 - Aug 2026 | 7 mos

Guide Dogs Australia — St Leonards , NSW

1. Led end-to-end campaign data management across Salesforce, Snowflake, and MarTech platforms, ensuring precise extraction, organization, and delivery for national campaigns and mailings.
2. Imported, validated, and maintained high-integrity campaign datasets within Salesforce and integrated systems, enhancing data accuracy.

ABOUT ME

With over eight years of experience as a Data & Reporting Analyst, I possess a proven ability to meticulously analyze data and deliver comprehensive reporting and business intelligence solutions.

- My skill set is centered on transforming complex data sets into clear, actionable insights, thereby enabling informed decision-making.
- Proficient in a range of analytical tools and software, I specialize in creating detailed reports and dashboards that contribute to strategic growth.
- For example, I automated reporting processes that reduced report generation time by 30%.
- My commitment to precision and accuracy underscores my work, establishing me as an indispensable member of any data-centric team.

EDUCATION

PG Diploma in Management
Macquarie Graduate school of Management | North Ryde

Diploma in Computer Studies
Apple Industries | India

BSc in Mathematics
India

Some College (Civil Aviation Licence UK)
Aeronautical Electrical Engineering | Perth , Scotland
